

In order to help your son or daughter make good use of online resources, it is important to be well-informed. The links below can help parents learn about the Internet and how to help young people access a wealth of information safely.

### [I-Safe](#)

Warren THS uses iSafe materials in classes to help students understand how to use the Internet safely. There are also excellent materials for parents.

### [Common Sense Media](#)

Common Sense Media is dedicated to improving the media and entertainment lives of kids and families.

### [GetNetWise](#)

The Internet offers kids many opportunities for learning, constructive entertainment, and personal growth. At the same time, parents are concerned about the risks kids face online. The challenge for parents is to educate themselves and their children about how to use the Internet safely. GetNetWise can help.

### [Identity Theft Resource Center](#)

Visit the Identity Theft Resource Center to learn ways to protect your identity while online.

### [Net Smartz](#)

Communication is an effective tool for parents and guardians when helping their children avoid the dangers that exist on the Internet. NetSmartz provides on- and offline learning activities for parents to facilitate discussions with their children and teens about Internet safety

### [Safe Kids](#)

This site offers blog safety suggestions, news about Internet safety, and webcam safety, among other topics of help to families.

### [Safe Teens](#)

A place for teens and parents to learn how to use the Internet safely. No preaching, just good advice.

### [Wired Safety](#)

WiredSafety provides help, information and education to Internet and mobile device users of all ages. We handle cases of cyberabuse ranging from identity and credential theft, online fraud and cyberstalking, to hacking and malicious code attacks.
