

Sign up for Text Message Reminders!

Student Services is excited to share that we will be using Remind to send reminders to our students and parents about upcoming events, college visits, guest speakers, individual meetings, and other deadlines throughout the school year.

Remind is a texting program which allows families to receive important information through text messages. Your cell phone number is never seen, nor shared with the other group members and messages are only sent from the staff member to the group. Text messages from your counselors or staff members will always come from the same number. No special phone is needed. If you can receive texts, you can join!

It's SIMPLE to sign-up....

1. Grab your phone.
2. Send a Text to 81010
3. With the text message...
